REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance:

The prior art of record does not disclose or suggest, *inter alia*, a body having a cavity therein for receiving a medicine cartridge comprising one of a syringe, ampoule or vial for containing medicine, and the cartridge having a distal end for administering a medication from within the cartridge; a shield slidably attached to the body, the body being biased to retract with respect to the shield from a first position wherein the distal end of the cartridge is exposed toward a second retracted position for withdrawing the distal end of the cartridge into the shield; cooperating members on the body and the shield for holding the body and shield in the extended position; and a latch member extending proximally from a proximal end of one of the shield and the body, the latch member being deflectable for disengaging the cooperating members upon depression of a plunger coupled to the medicine cartridge, whereby the body may be retracted to the retracted position.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Manuel Mendez whose telephone number is 703-308-2221. The examiner can normally be reached on 0730-1800 hrs.
